**Subject:** RE: CHR Iredell County Sanitary Landfill

Phases 1 and 2 are currently in assessment monitoring due to VOC 2L Standard exceedances, but there are no 2L exceedances at or beyond the compliance boundary so they are in good standing for now.

Phases 3 and 4 are in detection monitoring and there is no history of VOC exceedances associated with these two phases.

We are conducting a CHR on the Iredell County Sanitary Landfill Facility, Permit number 4903-MSWLF-1993. Are you aware of any current compliance issues for this facility?

Thanks,  
Allen

Please note, this email and any responses to this email will be going into Documentum to document the CHR process.
